### All Saints' makes History with Son et Lumière

The ancient church of All Saints' Warlingham is staging 'Son et Lumière', a sound and light show on Friday 20<sup>th</sup> and Saturday 21<sup>st</sup> September at 7.30pm.

The show takes place inside All Saints' as several endearing church mice go about their business with Grandpa, narrating a story of life through the ages, bringing Christianity to Warlingham and to the present day.

There is laughter, animations, illustrations, music and singing as lights flash, thunder claps and fire crackles when London burns and on a local road there is a rumour of a ghostly white lady....

Julie McDonald, Churchwarden at All Saints', who is masterminding the show says, "We are very fortunate that Iris Crampton and Gee Rook from ATG, the local Drama Group, and John Mitchell, our Organist and Choirmaster are bringing together ideas to create what promises to be a brilliant evening of entertainment. So come along and experience this show and you will be amazed at what has happened in the village of Warlingham."

All profits from 'Son et Lumière' will go towards the upkeep of All Saints', Warlingham's historic church. Tickets are priced at £10 and available from the Box Office 01883 623557.

For further information call: Julie McDonald, ☎ 01883 623557
